NORTHMONT SCIENCE OLYMPIAD

NORTHMONT INVITATIONAL 2009

Dear Science Olympiad Coach,

The Northmont High School and Middle School Science Olympiad teams would like to cordially invite you and your teams to participate in the Ninth annual Invitational. The competition will take place on Saturday, January 10th, 2009.

The middle school (Division B) teams will be competing at Northmont Middle School while the high school (Division C) teams will be competing right next door at Northmont High School on National Road in Clayton, Ohio. The registration fee this year is **\$75.00 per team**. This fee will be used to help cover the cost of First, Second, and Third place medals, ribbons for places 4th through 6th as well as trophies for the first six places in both divisions. It will also help offset the cost of food and the hospitality areas for the coaches.

No purchase orders will be accepted. Please remit a check covering the cost along with your reservation. You can indicate your desire to attend by email while you wait on the check and registration to be processed.

Each **TEAM** is expected to be responsible for one event and we will run all of the events. You should prepare and bring all necessary materials (equipment, tests, answer keys, etc.) for you to successfully run the event. Each team will then leave the competition with a folder containing all tests, answer sheets and score sheets to help the team prepare for the next competition.

We will close registration once we reach a registration of **35** teams in each division. We will assign events according to your list of preferences on a first come, first served basis, so if you want a particular event to run, register early!

We hope to see you at Northmont on January 10th!

Best wishes for a great year!

Sincerely,

Kelli Wilson
